- Technology will be 'Solar Thermal Hot Water'.
- Installer will be whoever quoted you (Imagination Solar in the above example).
- Planned completion date will be as discussed with the installer (approximate is OK).
- Manufacturer will be ATON (Imagination Solar Ltd)
- Main Equipment: There are three mounting options: Roof integrated (as above example), on a roof mounting frame or on a flat roof on a frame. Each of these is then available for either a horizontal collector or vertical collector. Select whichever is shown on your quotation.

If you can then confirm all tick boxes you will get notification of a successful application immediately online and then confirmation by e-mail in a matter of minutes. Please forward this confirmation e-mail to your installer so the installation can go ahead.
